MOBILE APP INSTRUCTIONS

1. Scan the QR Code using your smart phone or search for DAXKO Mobile in the App Store (iPhones) or Google Play Store (Androids).
2. Download the DAXKO Health and Fitness app and open it.
3. It will read: Find Your Health and Wellness Center. Enter Ocean Community YMCA and select it from the list.
4. Allow notifications. This will allow you to get notifications about emergency closures, class changes, and weather updates.
5. On the main screen it will say LET'S GO! on the bottom. Click it to enter the tutorial.
6. Here you can select what type of notifications you'd like to receive from Child Care, General, Programs, and Schedules. You can turn on or off notifications from here.
7. Next you can see your locations. You can choose which location you would like to have as your main branch. Just know that you can always click through and see classes and programs for each of our three locations on the app.
8. Next you will see how you can easily view and register for programs.
9. You can see the hours and information for all branches.
10. After the tutorial you will hit our main page where you can change your branch location on the top and see schedules, programs, and more.
11. You can also add your scan card to the app so you don't have to worry about having your keys with you to check in.
